# Roller Screens Screen IT

The 2C Screen IT is a clever roller screen. Perfect for mounting in rooms where you don't want your screen on display all of the time. Fitted with an IR remote control for easy operation, the screen also has a low voltage trigger input for hooking up to your projector. The Screen IT requires a 240V outlet for operation.

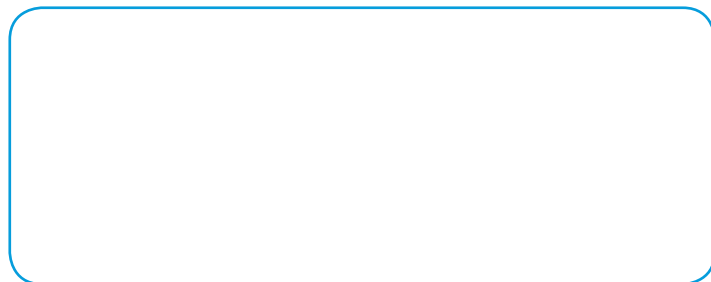

Available in 4 different Aspect Ratios.

Code	Dimensions	Format
2C504	1780 x 1780mm	Multiformat
2C505	2030 x 2030mm	Multiformat
